WHO WE ARE:
Destiny Dental offers quality affordable dental care for the entire family in a comfortable setting. We accept all insurance and Medicaid. We use Dentrix Enterprise and digital X-rays so you can practice with accuracy, efficiency and confidence. Our support staff is friendly, knowledgeable and ready to help you provide excellent care to your patients. We have TVs in every operatory to put your patients at ease and make your job more fun.

YOUR PRACTICE EXPERIENCE:
- Collegial atmosphere focused on mentoring and teamwork
- Clinical autonomy so you treat the patients you treatment plan
- Robust patient flow giving you the opportunity to see a diverse patient base and perform a wide range of procedures
- Two dedicated operatories with 1-2 chairside assistants
- You are a highly skilled professional (not a cog in a wheel) so there are no daily production requirements, and you’ll never be treated like a number
